

4 - Track Apartment Door

ULTRAMAX APARTMENT

DOOR SUITE

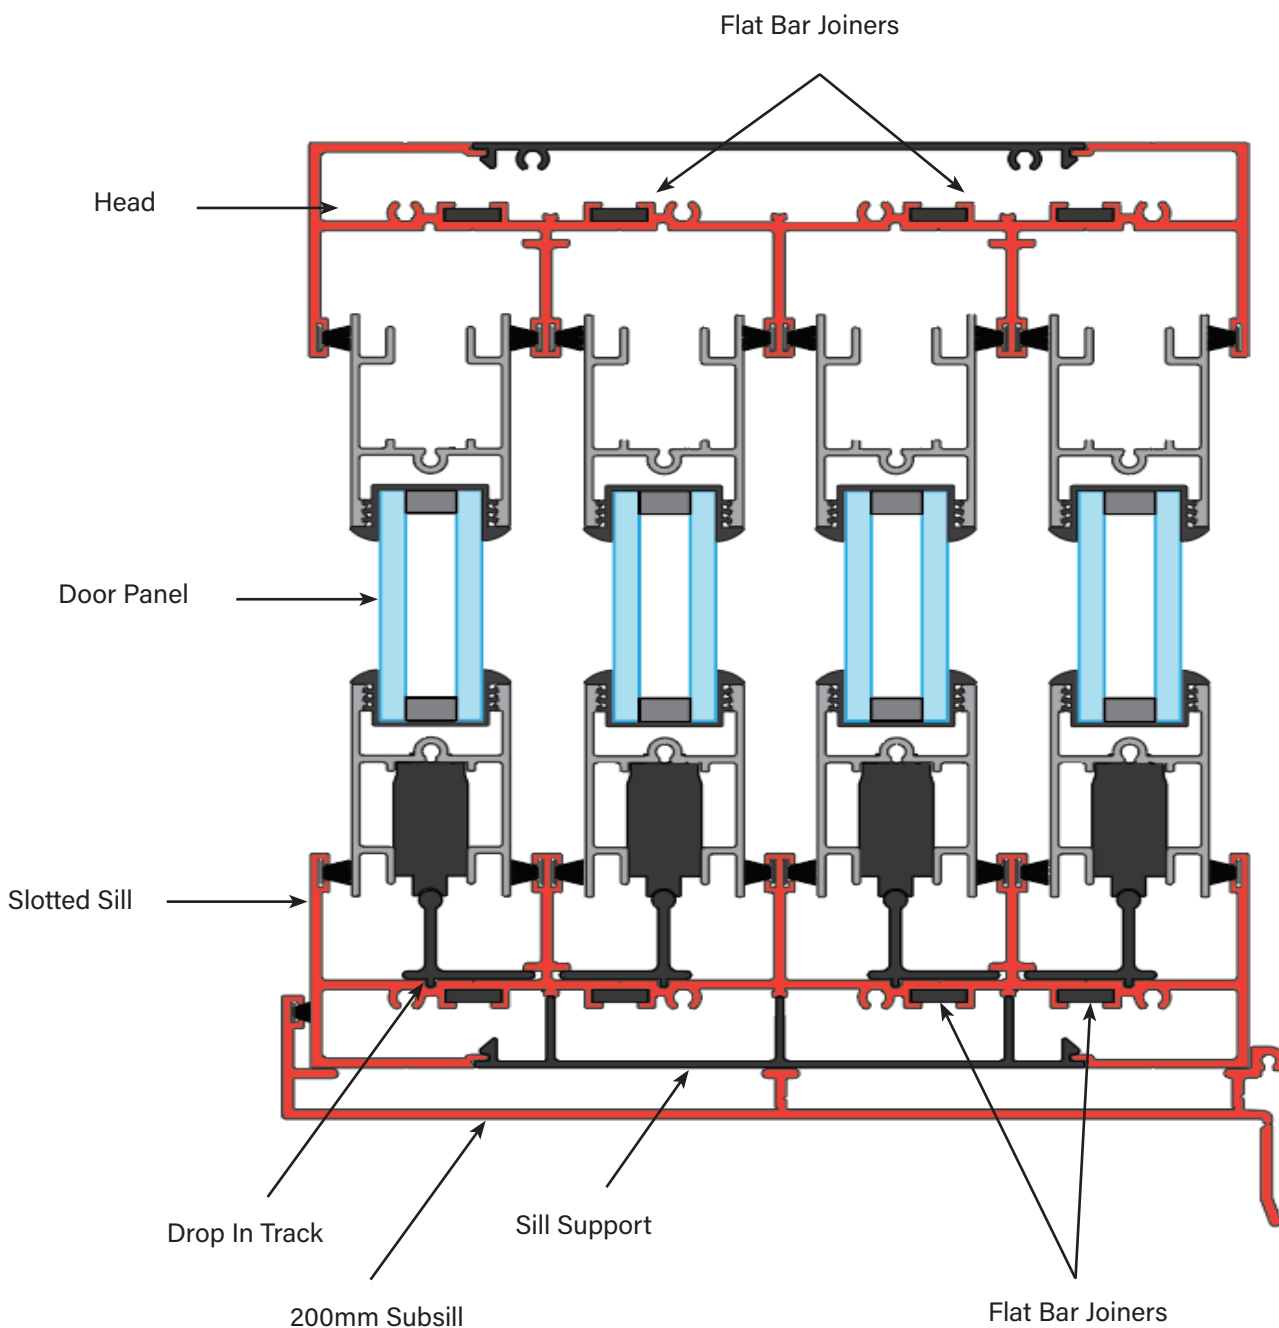

Features

The 4-Track Apartment Door is an expansion of our Ultramax Apartment Door suite which is also available in 2-track and 3-track options.

4 and 8 panel configuration apartment doors can now be fabricated using 1 piece heads and sills allowing for a simpler installation, and a superior finish.

With maximum height of 3m, and maximum width of over 12m, the 4 track Apartment Door is the ultimate solution for high end residential applications.

Specifications

- Dedicated 1 piece 200mm head and sill.
- 200mm subsill also available for subframing.
- Compatible with existing tooling.
- Heads and sills can be joined for doors spanning over 6500mm.
- Pre slotted sill available for superior drainage.
- Wide range of stile options available.
- 3 lock options available.
